

About

Dino Paoli is a leader in high-performance impact wrenches, serving motorsport, automotive, and industrial sectors. With a strong presence in Formula 1, Formula 2, DTM, World Series by Renault, V8- Supercar, Indy Lights, IRL, Nascar, F. Nippon, and almost all racing teams in Endurance, GT, F.3000, IMSA, Paoli's technology ensures speed and reliability in pit stops. The company also provides impact wrenches also for tire changers and mechanical workshops, industry field, infrastructures, industrial maintenance, mines and oil platforms. PAOLI operates as "TIER 3", with maximum capacities in the context of the most extreme verticalization of the systems and structures required by customers.
